Sub: Junior Certified School, Bellary - Enhancement of
permanent advance - orders requested -

- - -

The permanent advance of this school is only Rs.50/-for manufactory as well as maintenance department. This amount is too little to meet the urgent expenses from permanent advance, necessitating recoupment too often in a month. The population of the school has increased considerably since the date of fixing the above amount. The average expenditure per month during 1944-1945 was Rs.7,360/-and during the last month permanent advance has to be recouped 6 times, On some occasions when the contractor fails to supply costly ration articles such as ghee etc., local purchase has to be made. In the manufactory also considerable expenditure from permanent advance has to be incurred at times. Owing to the shortage of permanent advance much inconvenience was caused to the institution. The amount of permanent advance has to be fixed with reference to the expenditure in the institution and too many recoupments in the same month are deprecated. I, therefore, request that you will be pleased to take steps to enhance the permanent advance to Rs.100/-.
